ANTI-VANDAL GLASS

Our state of the art Anti-Vandal Glass protects our displays from damage, ensuring their longevity and uninterrupted operation.

Enjoy a crystal-clear view without any surface scratches, keeping your display brand new.

Rest assured knowing your displays are protected from deliberate harm.

Security Key

Introducing the security key -
your display's anti-theft
protection guardian.

Experience peace of mind
like never before.

Where TECHNOLOGY Meets Sustainability

Embrace sustainability with our eco-friendly products.

Each item is thoughtfully crafted using environmentally conscious materials, making a positive impact on both you and the planet. Join us in creating a brighter, greener future.

Power	DC Charger 5V/2A
OS	Android 11.0 OS, OTA Upgrade Support
Module	Plastic: Black Color
1*HDMI	4K*2K UHD Output, HDMI 2.0A
3*USB	1 High speed USB 3.0 , 2* USB 2.0 normal type
1*AV OUT	480I/576I standard definition output
1*RJ45	Ethernet Interface 1000M LAN
1*TF Card	Support 4GB/8GB/16GB/32GB/64GB
OS	Android 11.0

ULTRA High Quality

What is DPB?

The DPB provides a 5V (3A) power supply that can be used to power various types of media players.

For media players that require more power or a different voltage, the display controller also features a 24V (4A max) out.

Communication

All our mediaplayers have direct communication with the CMS in the DiMare screen, giving you complete control to use the unique features of the content management system.

Custom Mediaplayers

If your application has specific demands (hardware / OS), please contact us so we can investigate if this configuration can be used in combination with our DiMare screens.

Aluminium Frame Finish

The DiMare multimedia displays with aluminium frame (narrow and wide) are powder coated in black or white color. They can optionally be supplied in other colors and finishes.

Optional extended
warranty of **4 years**.

Powder coated frame

Powder coating in a color of your choice is possible.
Subject to availability of the color you require.

Brushed Aluminium Frame

Optionally, you can choose our brushed and anodized finish for the aluminium frame

You can choose from 5 standard colors.

Polished Aluminium Frame

Optionally, you can choose our polished finish for the aluminium frame

You can choose from 5 standard colors.

Specific color of choice

Aluminum frames can also be delivered in other colors.

Custom color requirements are subject to availability.

Custom Design Cover

The cover of your display can be customized with your own design, color and logo.

Custom Size Cover

Multiple displays can be grouped together behind one custom size cover.

Our designers can work with you on developing your custom cover.

Screen management

Content Management System

Our system has a modular structure designed for versatility and flexibility.

Expand our basic content layout with additional modules.

Pay only for what you need with our module-based pricing structure.

Although DiMare screens can be fitted to any CMS and any OS, we optionally offer our screens with Mikrodel.

Mikrodel is a very versatile solution and suitable for applications such as smart buildings, internal communication, digital signage, advertising, retail and much more.
